

Alwalton to Haddon

This stage runs along the old A605 Oundle Road and runners may experience fast traffic. It is advisable to wear reflective clothing on this stage.

<p>The changeover is on the green near the Church</p>	
<p>Pass the Church on your right and then turn left when you reach the pub.</p>	
<p>Bear left at the Post Office and continue along pavement then onto footpath to left. At the end of the path continue left passing the hotel.</p>	
<p>Take the track straight ahead signed 'Green Wheel'. This continues through Lynch Wood where you will bear right. This brings you to a junction, it's straight on here. Don't go left as you will be in Nene Park.</p>	
<p>Keep straight on track until you come out to a road opposite the Ferry Meadows Station Sight. Turn right and then immediately bear right to follow path towards Orton Centre. Make sure you use the right fork and not left hand one.</p>	
<p>Take left fork to continue towards Orton Centre. You do need to keep Orton Centre in mind as that is where we are heading to.</p> <p>You need to through the underpass which will bring you to the next sign.</p>	

At next finger post take a left.
Note the direction sign has gone missing but shown here is the path you need. There's even a bollard to help.

Take a left here which will lead you to a footbridge across Oundle Road. After crossing the bridge stay on the footpath which takes you through an underpass and onto Orton Centre.

At the end of the path cross the road and continue your run around the Bushfield Sports Centre.

Circle around the centre and take left hand path,

Taking a right at next junction to take you towards astro turf pitches.

After going around the astro turf, take a left at the **junction**

Take the next right. A park should be on your right.
Follow the path straight across a feature roundabout to
the road.

Cross the road here and take a left on the path.

Take the next right down this path and follow all the way
to the road. You should now be seeing 'Haddon' on the
signpost.

This is the point it takes you over to Alwalton Hill
industrial estate. Follow the path which takes you over
the parkway the way to the end of the industrial estate
and it takes you to Haddon change over.
Take care as you cross the road at this point.

That's it, changeover point is at the gate.
